We offer functionalities or services that require us to process the personal information of a third party that you, as a user or as a customer, must provide us with, such as in the case of activation and sending of the Gift Card or the management of the application for the Gift Voucher (where these features are available), or when you authorise a third party to collect an order in our partner establishments. If you provide us with personal information of third parties or if it is necessary that we request them for a third party to collect an order in your name, you confirm that you informed them of the purposes and of the manner in which we need to process their personal information, and that you have obtained their relevant express consent.

If a third party has provided us with your personal information or you have provided them yourself as a result of a feature or service requested by one of our users, we will use them to manage the feature or service in question in each case, within the limits of the purposes listed in this Privacy Policy, a link to which is always included in our communications.

8. HOW DO WE PROCESS CHILDREN'S PERSONAL INFORMATION?

Our products, websites and services are mainly for adults. A child may not create his or her own user account without the consent of the parent or guardian.

In cases where a child's personal information is collected with the consent of the parent or guardian, we will only use or disclose this information in a case where the law allows, the explicit consent of the parents or guardians has been obtained, or it is necessary to protect the children.

Although the laws in different countries or regions have different definitions for children, we treat anyone under the age of 14 as a child. If we find ourselves collecting the child's personal information without prior consent of the parent or guardian, we will try to delete the relevant data as soon as possible.

9. CHANGES TO THE PRIVACY POLICY

We may amend the information contained in this Privacy Policy when we consider this appropriate. Should we do so, we will notify you by various procedures through the Platform (for example, through a banner, a pop-up or a push notification), or we may even send you a notice to your e-mail address when the change in question is relevant to your privacy, for you to be able to review the changes, assess them and, as the case may be, object or unsubscribe from any service or functionality. In any case, we suggest you review this Privacy Policy from time to time in case minor changes are made or we make any interactive improvement, taking the opportunity that you will always find it as a permanent point of information on our Website and our App.
